ABOUT ME

I'm a diploma graduate with a strong academic foundation in computer engineering, coupled with practical skills in both front-end and back-end development. Currently, I'm interning in the MERN stack (MongoDB, Express.js, React, and Node.js), which is sharpening my expertise in JavaScript-based technologies. This hands-on experience allows me to build dynamic, data-driven web applications, preparing me to tackle technical challenges and make meaningful contributions across the software development lifecycle.

LANGUAGE

- English
- Malayalam

INTERNSHIP

Mern Stack

Luminar Technolab l Kochi,Kerala   Oct 2024-Ongoing

I'll be focusing on the MERN stack (MongoDB, Express.js, React, Node.js). This opportunity will allow me to deepen my skills in full-stack development and contribute to innovative projects in the tech industry.
